

## **Module 4 – Monitoring and Enforcement**

### **1. Monitoring**

#### **Logbooks/catch statistics**

- Why do we need to submit this information/what is it used for?
- Affects of over-reporting or under-reporting
- Practical: Filling in logbooks and catch returns

#### **Landing procedures**

#### **Observer Programme**

- Why do we need observers?
- What happens to the data?

#### **Vessel Monitoring Systems**

- Why do we need VMS/what is it used for?
- What should a skipper do if the VMS breaks?

#### **Compliance and enforcement**

- Vessel inspections at sea and in port (discharge) – what can skippers expect?
- Vessel Specifications
- What are the consequences of breaking a Permit Condition?

#### **Conclusion**

Inspire participants to make the choice to fish responsibly!
